## Key to Drawing Objects

**JCT3 Jockey Console:** Our most popular model is ideal for application in larger Ribs. This simple, straightforward design provides a large area for instrumentation along with convenient under seat storage.

**Additional Features:**

Polished stainless steel backrest.

Upholstery available in a range of colours.

**JS6S/T Jockey Seat Single / Double:** Smart and stylish jockey seats available in both single or 2 person sizes. Seat base units have a tapered design for maximum comfort and incorporate quality vinyl upholstery. Backrest is manufactured from GRP and polished stainless steel for durability.

**Additional Features:**

Convenient under seat storage.

Optional grab rail.

**BS3 Bench Seat:** Provides a simple seating/storage solution combining a marine quality GRP base storage unit with comfortable vinyl upholstery.

**Additional Features:**

Available with fold down or removable backrest.

**CC14/FS Side by Side Steering Console:**

For those who like a windscreen for that high speed ride. The model incorporates a heavy duty Perspex windscreen available in 2 heights, with a polished stainless steel rail.

The top of the unit is hinged for ease of fitting/maintaining instruments.

**Basic boat includes:** Heavy duty 'D' section strake on all models over 5.0m. Transom well, Balers, Towing Eye, External Life Lines, 4 Heavy Moulded Handles. Standard hull colour white
